Year 1

Curriculum

As we move into our final term we want to say how proud we are of the children and the progress that they have made. This term we will be discussing transitions to year 2 and ways to support this change.

In our Talk for Writing sessions we will be looking t a journey story which builds up every week using a repetitive sequence to add more detail.

In Maths this term, we are focusing on place value to 100, money and time.

This term our topic is 'Castles'. This topic focuses on History and Geography.

We will be learning about: The Normans and How and why they built castles. We will recognise why castles were built at specific locations, what castles were like, and what materials they were made from. We will also recognise how castles changed over time. We will look at different artefacts and think about why they may have been important.

Home Learning

The most important thing you can do at home to support your child in school is to hear them read. We ask that you share your child's reading book with them **everynight where possible**. Re-reading books will help children to become fluent and speedy readers. We want children to be able to read without sounding out every word and re-reading books really supports this. Children who read more are more successful in ALL areas of the curriculum.

Thank you for your continued support with this.

This term on Friday we are welcoming James McGill for Aztec FC who will working with both year 1 classes for dedicated football coaching. This is a wonderful opportunity. Children will need their PE kits, a hat, and suncream applied.

We are looking forward to our school trip on Thursday 7th July to Rockingham castle– Details of which can be found on a separate communication.

We will have a Knights and Princesses dress up day– more details to follow.

Everyday—Children will need a coat or as (hopefully) the weather becomes warmer a hat.

Tuesday– Indoor PE

Friday– Outdoor PE

Monday & Thursday– Books changed
